Adapted from a Newspaper dated Monday, Sept. 22, 1947
Augusta to Observe Its 150th Anniversary ... *Continued By Marie Dickore*

Augusta was the cross roads for the pioneers. Here they stopped after their overland journey from Virginia, the Carolinas or from other parts of Kentucky, or they halted their flatboats from Pittsburgh and Redstone. Here they replenished their supplies, traded for household goods, wagon and on teams or horses, and entered the Northwest Territory by way of John Baude's Ferry, which he had established in 1793. This ferry is still in use today.

The road they climbed to Felicity, thence to Bethel and Williamsburg, was legalized and "improved" by the Territorial Legislature and called the Round Bottom-Augusta Road. Later it was extended to Perintown, Milford and Newtown. If the Ohio River was the highway into the western lands, Augusta was the door which opened into that wonderful region.

The settlers of Augusta had been wealthy and here recouped their fortunes lost during the Revolutionary War. They built beautiful homes of Southern Colonial architecture and devoted leisure time to cultural pursuits. The tobacco they brought from Virginia became the principal crop of the region and Augusta became

Looking Back Tabitha's Tidbits Compiled by The Bracken County Historical Society

a leading shipping point, especially in the heyday of the steamboat. Much wealth was accumulated by her citizens.

Travelers wrote enthusiastically about the town, its hospitable people. Among them was Gen. James Taylor, founder of Newport, Ky., who stopped to visit Capt. Philip Buckner, a former neighbor in Virginia, and bought from him a yoke of oxen, some fowl and the first cow that came to Newport.

Business, banking, shopping, traveling, all connected by Cincinnati; even the advertisements in the Bracken Sentinel, a newspaper of Augusta, were directed to Cincinnati, 42 miles down the Ohio. When the tobacco trade reached its peak the warehouse in Cincinnati was the second largest in the world and businessmen of Augusta were prominent in promoting this industry.

However, Augusta's greatest claim to fame lay in Augusta College, its faculty and its graduates. Bracken Academy, established in 1798, held its first classes in Captain Buckner's home. Terms were \$3 a quarter "with no extra charge for wood." The school flourished, became the Augusta Academy, and in 1822 was taken over by the Methodist Episcopal Conference, which erected a handsome building flanked by two dormitories.

Grilling Safety

Provided by: Neider Reynolds, Coordinator
Bracken County Emergency Management

According to the NFPA, gas and charcoal grills caused an average of 3,400 structure fires and 4,900 outdoor fires in or on home properties, resulting in a combined direct property loss of \$137 million. To make sure your next barbecue doesn't go up in flames, the Home Safety Council recommends the following safety tips:

- Designate the grilling area a "No Play Zone" keeping kids and pets well away until grill equipment is completely cool.
- Before using, position your grill at least 10 feet away from other objects, including the house and any shrubs or bushes.
- Always stay by the

grill when cooking.

- Only use starter fluid made for barbecue grills when starting a fire in a charcoal grill.

- Before using a gas grill, check the connection between the propane tank and the fuel line to be sure it is working properly and not leaking.

- Never use a match to check for leaks. If you detect a leak, immediately turn off the gas and don't attempt to light the grill again until the leak is fixed.

- Never bring a barbecue grill indoors, or into any unventilated space. This is both a fire and carbon monoxide poisoning hazard.

FOR JESUS' SAKE
by Cornelius R. Stam

"Delivered unto death for Jesus' sake" (II Cor. 4:11).

There is much that we all do for our own sake, for the sake of our children, our loved ones or others, but the real test of the believer's love for the Lord is what he does "for Jesus' sake."

Under the dispensation of Law our Lord told His disciples that to be forgiven they must forgive: "Forgive, and ye shall be forgiven" (Luke 6:37), "but if ye forgive not men their trespasses, neither will your Father forgive your trespasses" (Matt. 6:15).

But now, under the dispensation of grace, He exhorts us to forgive one another "even as God for Christ's sake hath forgiven you" (Eph. 4:32). The difference is striking. Before the cross: If you would be forgiven, forgive. Now, in the light of the cross: You have been graciously forgiven for Christ's sake. In the light of this be tenderhearted and forgiving toward others.

And we are to go farther than this: Not only are we to forgive our brethren in Christ, but we are to be prepared to show this attitude toward the world as well. St. Paul said: "For though I be free from all men, yet have I made myself servant unto all" (I Cor. 9:19), and referring to his persecutions by unbelievers, he said: "We... are always delivered unto death for Jesus' sake" (II Cor. 4:11). How many unbelievers would be won to Christ; how many of our Christian friends would be strengthened and helped, if we adopted this attitude toward others!

As to suffering itself, the Apostle also gladly bore this "for Jesus' sake." In writing to the Corinthians, he said: "I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses for Christ's sake; for when I am weak, then am I strong" (II Cor. 12:10). He had learned that in weakness he leaned the harder, prayed more, and was brought closer to His Lord, and herein lay his spiritual strength.

Neave United Methodist Annual Homecoming Service

We invite you to come and join us for our Annual Homecoming Service to be held Sunday, May 27 at 12 noon. Come enjoy a potluck meal to be served in the basement of the church. At approximately 1:30 p.m. Pastor Yancy Adamson will lead in worship with special music by 3-4-1. We welcome you to come!

Dedication given at Brooksville Methodist Church

A dedication was given on Sunday, May 13 at Brooksville United Methodist Church from the will of James L. Workman in honor of his sister, Naomi Kinney, and his mother, Elsie Jennett Workman. Several out-of-town relatives attended.

This week may we be as a lamp that is plugged into an outlet....it illuminates the darkness around us. We must stay plugged into God and read the Bible, pray, and experience fellowship with Him.

James Cox taught our SS class this morning and did a great job.

Hope all mothers had a great day and served the Lord. Debbie McElfresh presented gifts to the following: eldest mother - Margie Smith, youngest - Erin Silvey, oldest mother going to their children's house for dinner - Georgia Lou Thompson, mother with most keys - Kathy Linville, mother with most children present - Ruby Silvey.

On this rainy Sun., May 13, we had 89 to SS and 152 to worship service. We appreciate all our guests and were glad to have Ruby Silvey back with us. All are welcome to Chatham "The Little Church With a Big Heart". SS is 10 a.m., worship service is 10:45 a.m., Bible Study is 6 p.m. on Sunday evenings.

Our pianist was Nancy Tompkins and Hope Florer was the organist. Special music was done by JoAnn Brown - "Peace in the Valley" and Jane Nelson "Heaven Came Down".

Remember in prayer: Veronica Silvey, Delmar Sharp, Bobby Anderson, Barbara Florer, Ella Grace Jones & her dad Josh, Bobby Johnson, Ruby Silvey, Shawna McKenney, Ann Dickson (has been in the hospital for chest pain and had to have 3 stents), Bro. Jackie had eye surgery this past week. Always remember each other and all those on the prayer list. Remember all the families that have lost loved ones.

Bro. Jackie's message was "Lessons from Mary, the Mother of Jesus". Luke 1:26-38. Bro. Jackie read a poem called "My Mother Taught Me About Religion". The best thing a mother can give is love and God wants her to be a Christian mother. Mary did God's will.

It was 16 years ago that Bro. Jackie and Debbie came to Chatham. We thank God for His blessings and our wonderful and loving church family that work together for the glory of God to help further His Kingdom.

Mon., May 21 - Men's Fellowship at Chatham at 6:30 p.m.

Sun., June 17 - Church Picnic at Augusta Park 4 p.m.

May we stay plugged into God and be a light wherever we go.

Powersville Christian Revival May 18-20

Powersville Christian Church invites everyone to join them Friday, May 18 - Sunday, May 20 for Spring Revival with Dr. Larry Travis. Friday and Saturday will begin at 7 p.m., Sunday morning at 10:30, and Sunday evening at 6 p.m.

NEW LIFE FELLOWSHIP by Beverly Whittaker

We welcome all that came to worship with us this past Mother's Day, May 13. Did you know that Mother's Day began in the church to recognize our mothers for their sacrifice and love? All mothers that attended received a gift. Barb Bolar sang "God On The Mountain" and Angela Tucker sang "A Good Night Kiss". Pastor Doug continued his series on the Ten Commandments. We can honor our parents (mothers) by honoring her verbally, physically, patiently, attentively, with gratitude, knowing time, & spiritually.

Sun., May 20, we will be honoring our graduates: Nathan Kuhl (Robertson Co), Wyatt Thorpe (Augusta), Katelyn Hicks (Mason Co).

We still have some fundraising events to raise money for Camp Samuel. Our teens will be picking up trash. Let Pastor Doug know if you can help. Also we will be having another yard sale next Sat., May 19 starting at 8 a.m. at the church. You can leave any donated items at the church this week. Camp Samuel is July 12-15 and is free for the campers. It is a ministry that brings the word of God to those that may have never heard of it.

We invite you to come and be a part of our New Life family. Our fellowship time is on Wednesday at 6:30 p.m. followed by prayer service at 7 p.m. Our Sunday school classes for all ages begin at 9:30 a.m. followed by praise and worship at 10:30 a.m. Remember God loves you and so do we! We are located at the intersection of the AA highway and 875 on the left.

FIRST BAPTIST CHURCH OF AUGUSTA by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. Bro. Tony's sermon was titled "A Mother's Determination". Mothers have a fearless heart when it comes to their children's well being, but what about their salvation. Have we as a society lost that soul saving faith of yesteryear?

Wed. Night Prayer begins @ 7 p.m. Prayer plays an important role in the salvation of a lost loved one. We invite you to come join us as we lift up prayers for our lost loved ones.

We also invite you to come join us on Sunday mornings, you just might find rest for your weary soul. Our services begin @ 9:30 a.m. with Sunday School. This coming week's lesson is titled "A Legacy of Faith". This lesson will help you understand how your faith in God impacts those around you. Sunday morning worship begins @ 10:30 a.m. when we come together to give God thanks for his many blessings and receive a reviving touch from the Holy Spirit to get us through the next week of challenges we call life. Sunday night services begin @ 6 p.m. when we come together to build upon the foundation of our faith. May our faith become stronger in these last days. There is a world of lost people that need us to exercise our faith in God & pull them back from the edge of damnation & put their feet upon the solid rock that is Jesus Christ.

PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

We did not have Bible Study this Sunday. Instead we had our monthly meeting that conducted the business of the church. One thing that we are planning to do is to give parishioners the opportunity to repeat their baptismal vows. People quite often repeat their matrimonial vows and now we are going to give them the opportunity to repeat their baptismal vows by being immersed.

We had sixty-seven present for worship on this Mother's Day. Earl Bush was the worship leader. Susie Hargett was the song leader. Jill Hargett did the power point. I did the children's sermon and Shelby England had children's church.

My former pastor, Nancy Horvath, was present for worship. It was good to see her again.

We had our monthly Bread Basket Meal this past week. Many were present and the food and fellowship was great.

This past week we had our annual Mother's Day program and I understand that there were about 75 present. I wish that I could have been there but a great-granddaughter had a kindergarten program the same night.

With three church meals in one week, Jewell Mefford set a record and baked 18 pies for the three dinners. All of the pies were eaten.

My sermon this week was a Mother's Day sermon based on the scripture from Matthew which tells about James and John's mother who went to Jesus asking that her sons could sit at Jesus' right and left hand in heaven. Jesus did not say yes or no; he said that it was up to his father.

McKendree United Methodist Church Revival May 20-22

OAKLAND CHRISTIAN by Barbara Browning

We pray you honored your mother on her special day. Those of us who have lost our mothers, know that we will always have our memories. Mothers are so deserving of our respect and love. Many times they sacrifice all for their children.

We had a special program for our mothers involving our youth. All mothers received a special gift, while Jody Arnold, Agnes Moore, Michelle Montoure, Connie Jo Bowling, and Janice Bertram received musical clocks.

Church Board meeting, May 17th, 7 p.m.

May 20th we meet at Camp Northward for our worship service at 10:35 a.m. and our "I Love Camp" Sunday. We will have a pot-luck noon meal. The afternoon features fun, food, games, and fellowship ending with a devotional at 2:30 p.m. Evening worship is dismissed. This is also our kick-off for our SUGAR DRIVE for camp.

Men's Fellowship May 21 at Chatham Christian.

Congratulations to J.T. and Lyndsey Monroe Teegarden upon birth of Jackson Monroe, May 7th. Proud big sis is Addyson, with grandparents M/M Jackie Teegarden, and David Monroe. Special great-grandmother is RoseMary Ramsey.

Prayer concerns include Juanita King, Bobby Johnson, George Meenach Jr., Susie Blevins, Kathy Bell, Danielle Wills, Barbara Florer, Shawna McKenney, Ronnie Honan, Phyllis Wolfe, Judy Monson, Eddie Figgins, Eudell Hall, our shut-ins, armed forces, our leaders and our sympathy to loved ones of Billy Norris and Louisa Edwards.

GREETINGS FROM ST. JAMES by Caroline Jefferson

St. James Spring Dinner is this Sunday, May 20 at 3 p.m. in St. James Parish Hall and all are welcome! After an afternoon of enjoying good food, fun and fellowship, all are welcome and urged to attend an evening of storytelling and praise with Fr. Jim Sichko as the St. Augustine/St. James Parish Mission gets underway at 7 p.m. at St. Augustine Church and will continue on Monday and Tuesday evenings. Don't miss this opportunity to grow in the knowledge and love of God as we continue our faith journeys together!

On Sunday, May 27 both parishes will be celebrating all of our graduates during the 8 a.m. Mass at St. James and the 10 a.m. Mass at St. Augustine. Please send in the names of your 8th grade, high school or college graduate and their school name to Ms. Debbie or Fr. Ed so that we can acknowledge the accomplishments of this year's graduates!

St. James will be holding Summer Bible School the week of June 25-29. Please keep this week open so that your student can attend the evening classes, and Fr. Ed reminds us that pledges are still needed to meet the goal for this year's Diocesan Annual Appeal. God's blessings for a blessed week!

St. Augustine 4-Her's donate to West Liberty tornado victims

When the 4-H members in the 5th & 6th grades at St. Augustine heard of the tremendous damage that occurred during the recent tornados and storms they decided to take action. They decided to collect personal items such as soaps, shampoos, toothpaste, and toothbrushes to send to fellow 4-H members and families hit hard by the tornados in West Liberty, KY. The students made costumes to represent different toiletries and went to each classroom encouraging their fellow students to donate. Pictured above are the 5th and 6th grade students and the goods they collected. These items were placed with others collected by Bracken County 4-H members and delivered to the Morgan County 4-H Agent.

The Bracken County 4-H Food-A-Rama was held on April 26th. Bracken County youth showcased their culinary skill by entering dishes they prepared themselves. Categories included: Vegetable, Main Course, Appetizer/Bread, & Dessert. Bailey Cooper took top honors in the Junior Vegetable Division with her Sweet Potato Nests with Riley Boling placing runner up with her Broccoli Casserole. Riley also placed First with her Meatloaf in the Main Course Category. She was also awarded Judges Choice. Maria Hyrcza's Charoseth won the Appetizer/Bread Division. As always the crowd favorite Dessert Category put Kylee Harper on top with her Double-Decker Confetti Brownies. This creation also earned her the Tasters Choice. Rounding out the Dessert Category was Sabrina Johnson with UK Brownies, Bailey Cooper with Chocolate Dipped Cheesecake Bites, and Maria Hyrcza with Chocolate Crinkles. Much appreciation to our experts and Master Food Volunteers Mrs. Shirley Perkins and Mrs. Mary Lou Simons. Congratulations to all the aspiring young chefs!

Single vehicle accident occurs on Hwy. 10 outside of Brooksville

Photo by Michelle Houston

According to information obtained from Bracken County Sheriff Howard Niemeier, an unidentified 96 year old male was injured when the vehicle he was driving went off the road in front of the State Barn. The accident occurred around 11 a.m. Monday, May 14th, as he was travelling north bound on Kentucky Highway 10 into Brooksville from Germantown, the accident caused his vehicle to flip over onto its top, entrapping the male, on the property of Barbara Howard. He was taken by Bracken County Ambulance to Meadowview Regional Medical Center where he was later air lifted to UC and remains in critical condition.

This accident began a long day for Bracken County Law Enforcement, EMS, and Fire and Rescue as two other single vehicle roll-over accidents, on route 8 near Foster and Bladeston Drive in Brooksville, occurred late in the afternoon.

May is Mental Health Awareness Month: Do More for 1 in 4

1 in 4: That's how many adult Americans live with a diagnosable mental health condition.

While mental health and substance abuse conditions are common, they are extremely treatable and individuals go on to recover and lead full and productive lives.

This May is Mental Health Awareness Month, Comprehend is spreading the word about mental health and how important it is to overall health.

Mental Health Awareness Month was created more than 50 years ago by Comprehend's national organization, Mental Health America, to raise awareness about mental health conditions and the importance of mental wellness for all.

One sad fact is that many people living with a mental health condition – as high as 50 percent – never seek or receive help due to stigma, lack of information, cost or lack of health insurance coverage. Many people may be reluctant to ask for help or don't know where to find it.

But there are many community and national resources that can help people find support and treatment.

The passage of the federal mental health parity and addiction equity act also expands access to care. That law, which applies to groups of more than 50 employees, doesn't require coverage for mental health and substance abuse conditions. But if it does, that coverage must be

on a par with coverage of other medical conditions. Higher deductibles, steeper co-pays and other restrictions are no longer allowed for mental health and substance abuse treatment.

It's important that more people have access to treatment and services. There is knowledge about how to identify and even prevent mental health conditions. And there are tested tools available that can help every person face difficult times and challenges and improve their resiliency.

Comprehend is a behavioral health care provider whose mission is to enhance the well-being of individuals, families and communities by advocating for and providing behavioral healthcare services in a welcoming and caring environment. Comprehend offers you a staff of fully licensed, compassionate professionals that provide quality behavioral health care.

Conservation
District Cost Share
Program announced

The Bracken County Conservation District will be accepting requests for cost share funding under the Kentucky Soil Erosion and Water Quality Cost Share and Environmental Stewardship Program beginning May 14, 2012 and extending through June 15, 2012.

The Kentucky Soil Erosion and Water Quality Cost Share Program along with the Environmental Stewardship Program are created to help agricultural operations protect the soil and water resources of Kentucky. These programs were established by the Kentucky General Assembly in the 1994 and 2000 and over the 17 years of these programs approximately \$120 million has been approved to plan, design and install much needed best management practices on approximately 14,200 farms to protect soil resources and

water quality.

These annual cost share funds are administered by conservation districts with priority given to animal waste related problems and agricultural district participants where pollution problems have been identified. Initial funding for the program will be provided by the Kentucky Department of Agriculture and now also utilizes the Tobacco Master Settlement Agreement Funds.

These programs are administered at the state level by the Soil and Water Conservation Commission and the Kentucky Division of Conservation, located in Frankfort. Applications are ranked statewide and approved for funding based on available funds.

For more information stop by the conservation district office located at 218 Frankfort Street, Brooksville, Kentucky 41004, Monday through Friday from 7 a.m. to 3:30p.m. Phone: (606)735-3256 Ext. 3.

DCP/ACRE and SURE
enrollment deadline
June 1, 2012

John W. McCauley, State Executive Director of USDA's Kentucky Farm Service Agency (FSA) reminds producers that June 1, 2012, is the deadline for enrolling in the 2012 Direct and Counter-cyclical Program (DCP), Average Crop Revenue Election (ACRE) Program and the Supplemental Revenue Assistance Program (SURE). This is a statutory deadline for all participants in these programs.

"It is critical for producers to begin and/or complete the enrollment process if they have not already done so," said McCauley. "A significant number of farms eligible for the 2012 DCP/ACRE programs have not enrolled and these producers need to be aware of this deadline."

All signatures of producers receiving a share in DCP/ACRE payments are required by the June 1, 2012, deadline. The election for ACRE for 2012 can be made any time before June 1, 2012. If a farm has an ACRE election from a prior year, the farm remains in the ACRE, however producers must still complete the annual enrollment process by the

June 1 deadline.

McCauley stated, "It is important producers contact their local office to set up appointments well before this deadline to ensure all required signatures and documents have been obtained for DCP/ACRE, as well as for the SURE program."

The Supplemental Revenue Assistance Program (SURE) which provides benefits for farm revenue losses also has a June 1, 2012 deadline. Losses due to natural disasters that occurred during the 2010 crop year may be eligible for this sign up. SURE is available to eligible producers on:

- Farms in counties with Secretarial disaster declarations, including contiguous counties, that have incurred crop production or quality losses of at least 10%, or both, and includes all crops grown by a producer nationwide, except grazed crops.

- Any farm in which, for the crop year, the actual production on the farm because of disaster-related conditions is 50 percent or less than normal production of the farm.

For more information about the DCP/ACRE programs please visit your local FSA county office or visit <http://www.fsa.usda.gov>.

Five Facts About Diabetes

By Griffin P. Rodgers, M.D., M.A.C.P., Director, National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)

With so much health information readily available, it's often hard for the nearly 26 million Americans living with diabetes to separate fact from fiction. To help people with diabetes better understand how to manage the disease, the National Diabetes Education Program provides five facts about diabetes.

Fact #1: Diabetes is a serious disease. It can lead to serious complications such as heart attack, stroke, blindness, kidney failure, and lower limb amputations. People with diabetes can take steps to manage it and lower their risk for complications. Make healthy food choices, be physically active, and stay at a healthy weight. Good diabetes care includes managing the ABCs of diabetes—as measured by the A1C test, blood pressure, and cholesterol—to help avoid having a heart attack, stroke, or other problems.

Fact #2: The only way to know for sure what your levels are is to check your blood glucose. The absence of symptoms of high blood glucose is an unreliable guide for judging glucose control, since symptoms do not occur until blood glucose reaches high levels. Diabetes is often called a “silent disease” because it can cause serious complications even before you have symptoms. Set your blood glucose targets with your diabetes care team. Ask your health care team to show you how to self-monitor your blood glucose. Keep a record of your results, and share them with your team. Also, know your A1C goal and keep a record of your test results, which reflect your average blood glucose levels over the past three months. It is the best way to know how well your blood glucose is controlled overall.

Fact #3: Small amounts of foods that contain sugar

can be part of a healthy meal plan. If you choose to eat sweet foods, just have a small amount at the end of a healthy meal, not every day, or have a piece of fruit rather than a sugary snack.

Fact #4: A healthy meal plan for people with diabetes is a healthy meal plan for everyone. Eat foods that are high in fiber and low in saturated fats, trans fats, cholesterol, salt (sodium), and added sugars. Healthy foods include a colorful mix of fruits and vegetables, fish, lean meats, chicken or turkey without the skin, dry peas or beans, whole grains, and low-fat or skim milk and cheese. Ask your health care team for a healthy meal plan.

Fact #5: Physical activity is safe—and essential—for people with diabetes. Talk to your health care team about ways to safely increase your daily physical activity. Being physically active can help people with diabetes improve their blood glucose, cholesterol, blood pressure, and weight. It also helps improve strength, flexibility, and balance. Start by setting small goals until you reach at least 30 to 60 minutes of physical activity on most days of the week. Brisk walking is a good way to move more.

The next set of Diabetes Self-Management Education Classes will begin on August 6, 2012, at 1 pm. Please contact Donna Teegarden RN CDE (Certified Diabetes Educator) with the Bracken County Health Department to inquire about the class and for individual diabetic counseling. Contact information is 606-735-2157 #225 or email donnas.teegarden@ky.gov.

For more information about diabetes, download or order the free Tips to Help You Stay Healthy tip sheet developed by the National Diabetes Education Program at www.YourDiabetesInfo.org or call 1-888-693-NDEP (1-888-693-6337), TTY: 1-866-569-1162.

Farm Bureau honors Dairy Producers

Photo submitted

Pictured left to right are Phil Carl, Larry Smith, Les Newman, Louise Moneyhon, Adam Bradley, Cary Carl, Megan Briley, Sarah Bush, Benjamin Bush, Daniel Bush, John Bush, Lana Bush, Anna Bush, Bill Newell, and David Appelman.

During their April meeting, the Bracken County Farm Bureau Board of Directors members honored the Bracken County Dairy producers and their families by treating them to a meal of their “famous fish” and trimmings. Each producer was presented a “Make Mine Milk” t-shirt and a “dedicated to Dairy” cap along with several other promotional dairy items.

The guest speaker was Mr. Bill Newell, a Mason County dairy producer who represents the Dairy Farmers of America, Inc. as the Mid-East Area Director for District Number 8. Mr. Newell discussed the many changes and improvements in technology for the dairy producer, which included the equipment they use along with generic and forage aspects and also explained the different varieties of milk now available to the consumer. A question and answer period followed his talk. Also attending were David Appelman, Bracken County CEA for Agriculture and Natural Resources who gave an update of Agriculture issues.

We appreciate Mr. Newell and the dairy producers for their attendance who were: John and Lana Bush and family – Adam Bradley and friend, Megan Briley, Sarah, Daniel, Benjamin, and Anna Bush; Phil and Cary Carl, Retha Wyatt, and Louise Moneyhon.

We dairy farmers hope you keep this in mind – when you drink that glass of cold milk, eat that bowl of your favorite flavor of ice cream and yogurt, and enjoy cheese on your favorite foods, thank a dairy producer for his/her contribution and their twice-a-day, 7 day-a-week work ethic.

Successful month of April with White Sox

by: Jack Wright

Pendleton County native, Nate Jones, has successfully completed his first month of Major League baseball as a relief pitcher for the Chicago White Sox.

The former Pendleton High School and Northern Kentucky University star athlete made his Major League debut on Sunday, April 8, in Arlington, Texas versus the defending American League champion Texas Rangers.

Entering the game to begin the bottom of the seventh inning with his team trailing

5-0, and obviously quite nervous, Jones walked the first two batters he faced. After a “settle down visit” to the pitching mound from White Sox pitching coach, Don Cooper (who appears to be a wise old veteran of such experiences), Jones induced the third batter to strike a groundball double-play to the shortstop.

That play moved the runner on second base to third, with two out, and brought to bat the 2010 American League Most Valuable Player, Josh Hamilton, to bat for the Rangers. After running the count to two balls and two strikes, the mighty Hamilton struck out swinging on a Jones change-up to end the inning.

After that exhilarating experience, Jones was removed from the game and the White Sox lost by the same score of 5-0. Jones' Major League debut resulted in one inning pitched, no hits, no runs, two walks and one strike out.

Witnessing the event live at “The Ballpark at Arlington” were Nate's wife, Lacy Wright Jones (Falmouth), the best man at their wedding, Todd Schoborg (former Pendleton County resident now residing in Knoxville, Tennessee) and Nate's agent, Joe Speed (Cincinnati, Ohio). Since the game was televised on ESPN, it is safe to say countless others from “Nate's Nation” witnessed the televised broadcast, and it was quite the exciting Sunday evening for all concerned.

After the debut, Jones appeared in five additional games, all in relief, for the White Sox during the month of April. His statistics for the month were: six games, nine innings pitched, seven hits, two runs (earned), five walks, seven strike outs and an earned run average of 2.00.

A successful month indeed by the 26-year old right-handed pitcher from Pendleton County, and all of his faithful followers wish him continued success in the future.

Come visit the Toy Shop where ‘I hate so-and-so,’ doesn’t apply

Sometimes, I push myself to write a column that has a beginning, middle and end, which I hope, without getting cocky, someone might like to read.

That’s hard work, too. It requires dedication. It requires concentration.

It requires getting in touch with my muse, who is not always reachable by phone.

– San Francisco Business Times by Steve Symanovich

Not reachable by tweet, twix or e-mail, doesn’t work for me either.

This week, a visit to that place someone once actually called a newspaper’s Toy Shop. Sports.

America’s constituency in love with athletics and become expert through the internet, are too often these days a collective of contrarians. Some disagreeably disagreeable. Says here, fans throw the word ‘hate’ around too casually these days. “I hate Duke. Christian Laettner. ... I hate Bob Knight. And of course, “I hate sports writers.”

Last week a cartoonist with the Lexington Herald-Leader drew scorn of on-line readers who objected to his sketch of John Calipari’s checkered march to an NCAA title.

The haters wanted the cartoonist fired (sports writer Jerry Tipton too) and called for

Western ... first all-black team to play an all-white (Kentucky).”

The movie title was stolen from a Rupp speech. Texas Western was not an all-black team. And, the Miners-Wildcats game in 1965 was not the first meeting of even a mostly black and all-white college basketball team.

• One-and-Done-ism. Close, but no hate here either because it won’t last. Fans can spin it however, but it’s a naked contradiction to college student-athletics and blatant exploitation of almost exclusively black teenagers, for profit.

To wit: With Hall of Famers Bob Knight and Pat Summitt distinguished records of academic and athletic success for comparison, a college coach who encourages a get-around-the-rules, get-rich-quick scheme is shameful no matter how much it dollar-profits a college and its coaches.

BEST OF TOY SHOP?

Tis a comfort to me to know there are fans who understand that sports columnists love a feel-good story as much or more than they do. Great fun to write about ...

•Anthony Davis. Remarkably pleasant and poised teenager who is still living his dream.

• Louisville’s run to the Final Four. Lasting reward? An array of skilled players who know the way back.

• Western Kentucky. The underdog dynamic come to life in Hilltopper basketball new coach at midseason and marvelous run from oblivion to the Sun Belt Tournament title and NCAAs. All the way to no surrender against national championship-bound Kentucky, it was a drama in bravery we all revel in.

And finally, from sports’ Toy Shop, optimism that more good stuff is on the way.

Because sports is still peopled by thoughtful and reasonable men and women. Steve Kerr is one. He played at Arizona, 15 years in the NBA, became an NBA general manager and now is an analyst for CBS-Sports.

Kerr wrote recently about raising the NBA’s minimum age for entry from 18 to 20.

“I can’t begin to identify with any college freshmen whose lives would be affected with a higher age limit. I had no chance of making the NBA after my first season at Arizona, much less right out of high school. (The thought actually makes me laugh.) As a slow 6-foot-3 white guy, I was lucky to even stick around for one NBA season, much less 15.

“I had the anti-Anthony Davis experience, spending five full years in college (redshirting one season with a knee injury) before entering the NBA at 22. And maybe this wouldn’t be true for everyone, but for me, those five years at Arizona were the most important of my life. My teammates from those Wildcat teams remain my best friends to this day.”

And so it goes.

Bracken Co. Track and Field Makes History

Pictured left to right, front row: Head Coach - Lila Brindley, Breanna Cummins, Lydia Myers, Gracie Kurtz, and Brookelyn Brindley. back row: Arthur Wallace, Jacob Houston, Grant Crawford, Steven Cummins, Devon Coleman, Logan Holleran, Conner Holleran, and Assistant Coach - Forrest Hunt.

The Class A Region 5 Championships were held at Admiral Stadium in Danville, KY on Saturday May 12th. This day would go down as the most successful day in Bracken County Track & Field history. The history making began with the boys' 4x800 meter relay. The guys' team was ranked 2nd in the region behind Danville and when the gun was fired it was obvious that these two teams were going to do battle. Grant Crawford led off and put the team in second right behind Danville. He handed off to Steven Cummins who quickly closed the gap, followed by Conner Holleran who brought the team to the shoulder of the Admirals' 3rd runner. By the hand off Logan Holleran would be a mere 10 meters behind. By the 300 meter mark Logan took the lead and then was passed back at the 400 mark. With 200 meters to go Logan passed again and with 100 meters to go looked like he was shot out of a cannon. By the time he crossed the finish line the team had set a new school record of 8:45 and won a trip to the state meet, beating Danville by 3 seconds.

Later, freshman Devon Coleman established himself as a state qualifying shot putter with a throw of 37'8". With his strength and size, Devon has the potential to become a future state champion. The next state qualifying performance came from Logan Holleran in the 300 meter hurdles. Region 5 is stacked with top notch hurdlers, and coming into this event Holleran was ranked 3rd in the region and 6th in the state. After the gun fired he smashed the field in a school record of 41.56 seconds, and will be seeded 2nd in the state, giving him a legitimate shot at becoming Bracken County's first State Champion in Track and Field.

The girl's 4x400 relay would become the nail biter of the day. The team was ranked 4th coming into the day and would have to finish first or second gaining an automatic bid, or running a time strong enough to gain one of the 10 at-large bids to the state meet. Brookelyn Brindley ran a blistering first leg placing the team in second behind Lexington Christian Academy. She then handed off to Breanna Cummins who quickly passed the first place team. Breanna handed the baton off to Gracie Kurtz, who ran her fastest lap yet, but was passed by a strong LCA runner. When the final exchange was made to Lydia Myers, LCA had pulled away and it became a race for second. Lydia fought her hardest but in the end Danville's anchor leg was stronger and finished in second place. Our team set a new school record of 4:34.18, and the waiting game began. By 10 p.m., all regions had reported their results and the Bracken County girls' made it in, taking the 8th at-large spot.

The final race of the day was the boys' 4x400 relay. Jacob Houston started off at a blazing pace and set the team in the perfect position for Grant Crawford, who maintained 2nd place as he passed the baton off to Arthur Wallace. Arthur tried to pull close to LCA, but by the final pass to Logan Holleran the team had dropped a few meters back. Holleran poured it on and helped bring the team home in 2nd place with a new school record of 3:40.87, and a berth to the state meet.

The relay teams and individuals will be making their way to the University of Louisville on Thursday, May 17th to compete in the Class A State Championships.

Mandatory motor vehicle insurance notices to begin in June

Uninsured motorists risk cancellation of registrations

Bracken County Clerk Rae Jean Poe says an important insurance law for Kentucky motorists will soon be implemented in Bracken County and across the Commonwealth.

As mandated by the Kentucky General Assembly, the Kentucky Department of Vehicle Regulation on June 1 will begin mailing notices to owners of registered motor vehicles identified as having been without personal insurance coverage for more than 60 days.

The notices will advise those vehicle owners that registrations for their personal vehicles will be canceled if they do not obtain required insurance or show proof of existing insurance within 30 days.

"It is against the law in Kentucky to operate a motor vehicle without insurance," said County Clerk Rae Jean Poe. "Vehicle owners who abide by the law are too often victimized in crashes involving uninsured drivers. The

General Assembly recognized that this was unfair and mandated this new enforcement initiative."

The mandatory insurance initiative is aimed at drivers who skirt the law by dropping coverage once their vehicles have been registered. The program will be administered by the Department of Vehicle Regulation, which is part of the Kentucky Transportation Cabinet.

Though simple in concept, the program required extensive technology and testing. The testing included a pilot enforcement program in eight Kentucky counties - Anderson, Ballard, Boyd, Bullitt, Christian, Laurel, Pike and Pulaski.

Each month, insurance companies licensed to do business in Kentucky submit to the Department of Vehicle Regulation the vehicle identification numbers (VIN) of the vehicles their personal lines policies insure. A database compares the VINs with those of vehicles registered to Kentucky owners.

The comparison identifies vehicles for which there is no corresponding insurance policy, and owners are notified that if they do not obtain insurance or provide proof of insurance within 30 days, their Kentucky registration will be canceled without further notice.

If a notice has been generated in error - such as in the case of an incorrect VIN or a vehicle insured on a commercial policy but mistakenly listed as insured on a personal policy - the owner can contact their county clerk or the Division of Motor Vehicle Licensing to get the matter resolved. However, owners who fail to take necessary action will be subject to citation for driving

Bracken Co. Drama Club brings "Wizard of Oz" to life at BCMS

Pictured left to right: Samuel Carl, Tanner Fisher, Jordan Tucker, Kelly Jones, Sierra Wachter, Madison Kalb, Gena Brumley, Kaleigh Woods, Hannah Welte, Mackenleigh Cooper, Tiffany Hicks, Hannah Tackett, Yulie Buser, Madison Rabe, Leila Young, Savannah Hardy, Abby Hamilton, and Karis Applegate.

The Bracken County Drama Club presented the Wizard of Oz as their 6th annual production May 11-13. The students all did a wonderful job bringing the much loved characters in the Wizard of Oz to life for each and every audience. Shown above is a scene from the "Munchkinland Musical Sequence". Here, the wicked witch of the west was found flattened by Dorothy Gail's house that had been lifted by a tornado in her home state of Kansas. Cast in the lead roles were: Gena Brumley as Dorothy Gail, Joshua Ray as Tin Man, Griffin Walton as the Scarecrow, and Camryn Woods as the Cowardly Lion. The production was produced and directed by Heather Brumley. Musical direction was by Sheryl Hicks. Lighting was again handled by John Seidenburg.

without valid registration.

"It's unfortunate, but because there are so many different types of motor vehicle registration, there will be registered owners who have the proper coverage but will receive a notice in error," Bracken County Clerk Rae Jean Poe said. "Everyone who receives a notice must first take action with their county clerk or the Division of Motor Vehicle Licensing. They may also have to contact their insurance company, but that should not be the first

step. And ignoring the notice is not an option. It will result in your registration being canceled."

Bracken County Clerk Rae Jean Poe noted that the Transportation Cabinet has a wealth of information about the Mandatory Insurance initiative on its website: <http://transportation.ky.gov/Mandatoryv-Insurance/Pages/default.aspx>.

If you have any questions, feel free to the county clerk's Office at 606-735-2952.

MAKING A DIFFERENCE Danielle's Story

"Since I have gotten the job at Bracken County Nursing & Rehab Center, I am so grateful that I can make sure my son Brayden has everything he needs and wants. In the past, I always worried about how my bills were going to get paid and me losing everything I ever worked for, and especially when my unemployment was going to end. That was the scary part going week by week praying there was going to be a check in the mail. In the little bit of what I do at the nursing home, I start off my day by clocking in of course, then I get started down the hall which ever residents are awake. I usually go into their rooms, say good morning and give them hugs, then I'll go on and get started. Sometimes I am washing laundry, other days I am cleaning the residents rooms, bathrooms, hallways, beds and so on. I absolutely love my job. Some of the department heads are awesome. For example, Dawn, Denise, Allison, Bob the administrator, and Mary Nell Teegarden who is my boss. She will tell you when you make a mistake but be your best friend when you need her. I have to give a big thanks to the Employment Specialists at Buffalo Trace Career Solutions for being great! If it wasn't for them, I don't know where I would be today. They motivated me and I would meet with the program each week. I also would like to thank Shaun Mullins for helping to pay for day care, my meds, and my uniforms. I thank God every day for blessing me with an awesome job and awesome residents. God gave me time to watch my child grow. I can tell you one thing ... when I'm not at work the residents are still in my mind and in my heart. My goal every day is to walk in at work and make my residents smile, and to make them know how important they are to me. If I can make a difference in their life you better believe I will do the best I can. They make me smile every day. I would be lost without my residents. Where I work is my second home away from home. Most of all they are my family." ~ Danielle
